

JULY 2022 UPDATE

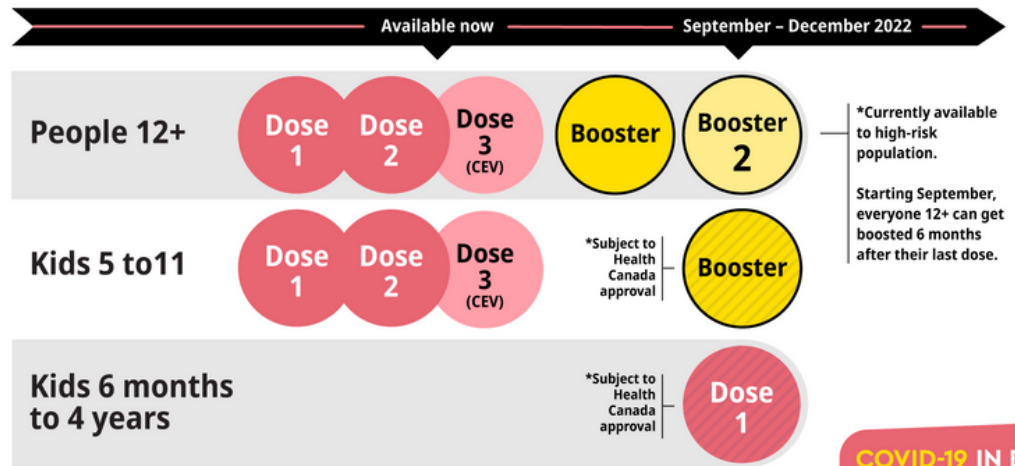

BOOSTERS WHEN WE NEED THEM MOST

This fall, everyone age 12-69 will be invited to get their second booster for the best protection as we enter cold and flu season when the risk of getting COVID-19 is likely the highest.

Are you one of the 1.3 million of eligible British Columbians who could be better protected right now if you got your first booster? Getting your first booster now will help keep our summer safe and fun
